Triazolopyrimidines

Abstract

The invention relates to new triazolopyrimidines of the formula

in which

R¹, R², R³, G and X have the meanings given in the description,

a process for preparing these substances and their use for combating undesirable micro-organisms.

The invention further relates to new intermediate products of the formulae

$$\begin{array}{c|c}
 & COOR^6 \\
\hline
 & COOR^6 \\
\hline
 & R^7
\end{array}$$
(VII-a)

and

$$R^{10}$$
 N
 $COOR^{6}$
 $COOR^{6}$
 $COOR^{6}$
 $COOR^{6}$
 $COOR^{6}$
 $COOR^{6}$
 $COOR^{6}$
 $COOR^{6}$
 $COOR^{6}$

and processes for preparing these substances.
